TRADITION - SAFETY - VALUE

TRADITION - SAFETY - VALUE

In the past 25 years PAC has grown from the basement of company founder Dick Young to an operation with over 600 points of distribution in North America and sales in 38 countries around the globe. All this based on the concept of offering Top Quality products combined with the very best Customer Service. The cornerstone of all this is based on our outstanding staff members. They are committed to giving our customers the very best in assistance and overall customer service.

Our history of innovation and our collective experience guide PAC to create products to outlast and outperform. You can expect high quality and value when purchasing PAC products. We are highly recognized in the industries we serve for our attention to detail and overall customer service. Additionally, PAC products are tested to the highest standards and are compliant with National Fire Protection Association (NFPA) 1901 standards and MIL-S901D military shock specifications. And PAC offers a LIFETIME WARRANTY! If any PAC product fails under normal use it is replaced, free of charge.

In recent years we have grown beyond the Fire Market. We have applied our tool mounting knowledge to customers in Law Enforcement, Towing and Tow Vehicles, Homeland Security, Public Utility and the Green Industry, too. Check us out today!!

- Ironslok components are molded from high quality materials
- Durable and secure
- Can be mounted horizontal or vertical

"The Ironslok helped us solve both the problems of accessibility and safety by giving us a secure way of mounting a set of "irons" directly next to a jump seat in the cab of ladder 7.... I would recommend PAC's Ironslok mounting system to other fire companies looking for a safe, effective and secure way to mount their "irons"."

Capt. Matt Hoare
Buffalo Fire Dept.
Ladder 7

STRAP COLOR YELLOW	PRODUCT NUMBER CM6000
MOUNTING HARDWARE (INCLUDED)	REFER TO PAGE 46 – INSERTS & CHANNEL NUTS
PRODUCT WT. DIMENSIONS	10 lbs 24.5" L x 8" W x 8" H

List Price: \$189.95

The Standard Cylinder Mate securely stores and protects SCBA cylinders. The Cylinder Mate self-centers the air cylinder producing safe and secure storage from impact in any direction.

- Holds bottles up to 23 1/8" in length
- Molded from high quality materials
- High strength locking strap retains the air cylinder with a simple to use latching and removal process
- Weather, UV resistant
- Non-conductive
- Matching mounting holes allow individual Cylinder Mates to form storage units
- Pressure can be read while contained
- Empty cylinders can be safely stored and removed when installed backwards

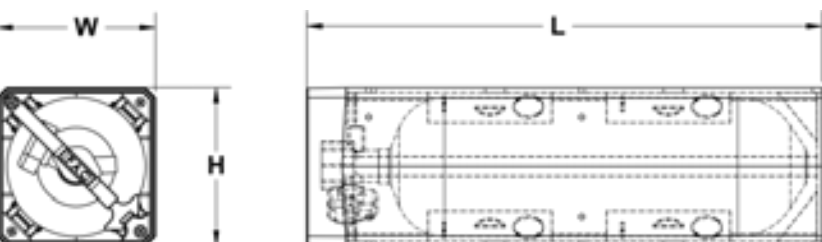

EXTENDED CYLINDER MATE

PAC

STRAP COLOR RED	PRODUCT NUMBER CM6060
MOUNTING HARDWARE (INCLUDED)	REFER TO PAGE 46 – INSERTS & CHANNEL NUTS
PRODUCT WT. DIMENSIONS	10.7 lbs. 26.5" L x 8.0" W x 8.0" H

List Price: \$249.95

The Extended Cylinder Mate securely stores and protects SCBA cylinders. The Cylinder Mate self-centers the air cylinder producing safe and secure storage from impact in any direction.

- Holds bottles up to 25" in length
- Molded from high quality materials
- High strength locking strap retains the air cylinder with a simple to use latching and removal process
- Weather, UV resistant
- Non-conductive
- Matching mounting holes allow individual Cylinder Mates to form storage units
- Pressure can be read while contained
- Empty cylinders can be safely stored and removed when installed backwards

STRAP COLOR YELLOW RED	PRODUCT NUMBER CM6000-12 CM6060-12

Genuine 3M Diamond Grade Conspicuity Tape
(1.5" wide only)

Enhance the visibility of tool boards, tools, trailers, etc. Highly durable- providing up to ten years of field performance. Diamond grade has excellent angularity which provides enhanced visibility for drivers. Meets NHTSA conspicuity requirements. Large width for Z70 series Tool boards and for SO74 series swing outs.

Genuine 3M Scotchlite Reflective Tape
(0.5" wide only)

Scotchlite™ shows good visibility at day and night-time. Retains most of its retroreflectivity when totally wet. The film resists fuel vapors & spills. Sized for all PAC aluminum boards and brackets.

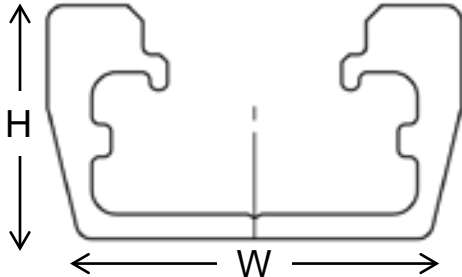

Additional Mounting Products & Accessories

MATERIAL ALUMINUM	PRODUCT NUMBER 2019
THICKNESS	.078"
PRODUCT WT. DIMENSIONS	.45 lbs/ft 1-5/8" W X 13/16" H

Commonly used to mount various tools and other systems, PAC Strut is a support system which can be supplied in various lengths. PAC supplies this product in Aluminum for easy installation and corrosion resistance.

- Beautiful clear hard anodized finish
- Guide groove in the base for easy centering when drilling mounting holes
- Compatibility with industry standard fittings
- Shallow channel
- Rust and corrosion resistant
- Plain back
- Available by the inch up to 120" max

List Price: \$0.65 / INCH

TESTING AND CERTIFICATION

A variety of PAC products are tested and certified to meet and exceed the NFPA 1901 9G impact standard.

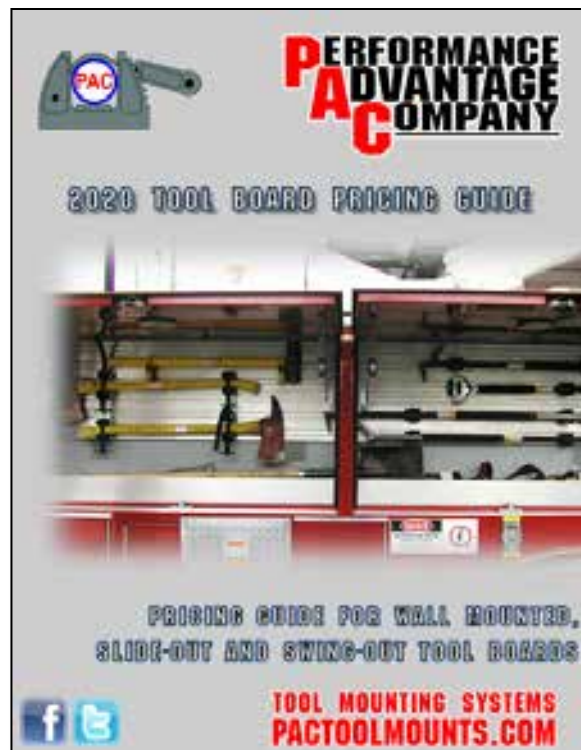

PAC's NFPA Compliant products have been Tested and certified at the Akron Rubber Development Laboratory, Akron, Ohio.

For a list of our 9G Certified Products or a copy of PAC's Certificate of Compliance, please contact us at 888-514-0083.

ALUMINUM PAC TRAC PRODUCTS

(Refer to PAC's Tool Board Pricing Guide for part numbers and additional information)

The PAC TRAC Family of products are designed to provide a unique and versatile mounting surface for tools and equipment.

PAC TRAC boards have special grooves or channels which allow the assembly of tool boards and the mounting of brackets and equipment.

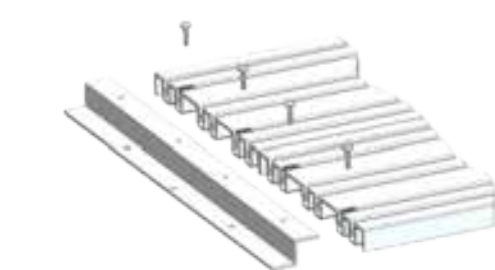

PAC TRAC boards are extruded from 6063-T5 aluminum and available in standard lengths of 50", 70" and 120". Boards are available in width increments of 3-3/4", 5-3/4" and 8-5/8".

The Pac Trac family of extrusion is NFPA 1901 Impact G Force & MIL Grade B certified as a mounting structure for testing tool brackets.

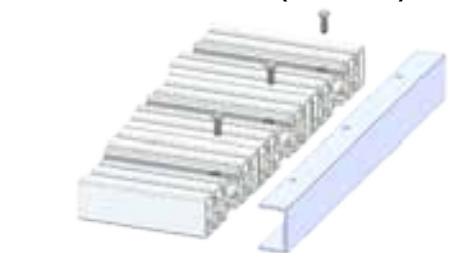

ASSEMBLY METHODS

Assemble tool boards with **Z-Mount** (P/N 7001 and 7001D)

Z & U Channel Kits come in pairs **AND** include hardware. Choose your board type and the number of sections. There is a corresponding frame kit to make your custom tool board assembly simple!

Assemble double sided tool boards with **U-Channel** (P/N 7009)

ATTACHMENT METHODS

SCREW MOUNTING WITH Z-MOUNT

TOOLBOARD ASSEMBLIES

BRACKET MOUNTING METHODS

Trac Lok Inserts (P/N 7016)

PAC brackets can be installed without drilling holes. Brackets can be relocated, removed or re-oriented easily. Brackets are attached to PAC TRAC products with PAC Trac Lok inserts or optional PAC channel nuts*. For heavy duty applications use optional Steel Uni-Strut channel nuts*.

Channel Nuts (P/N 3023 & P/N 3024)

* Mini(7050), Dual(7020) & Double Dual Trac (7040) only

PAC Trac tool boards provide quick, secure installation of brackets, all without drilling holes. Uses lab tested special high strength fasteners to cleanly and effectively mount your tools. PAC Trac's permitted uses include horizontal or vertical slide-out tool boards, swing out tool boards and adjustable self-supporting shelving among other items.
